Subject: Cherry Point moratoriums

We the people of Whatcom County are being marginalized by you the Council in not allowing personal input. You have become a group of inactive 'representatives' with some other agenda. Why do you continue to push back against progress at Cherry Point and refuse to work on a solution?
Frankly, most of you make me wonder if you are really qualified to do your job. Who has the fortitude to make policy favorable to the non-elites of our county? Please consider legislating for the working families of this county.
I will close my comments by suggesting that you listen a little more often to your local citizens rather than big money environmentalists of Seattle or Olympia or California .
Thank you very much
Dave Charleston, Citizen of Bellingham for a little while longer _____
