Subject: Support Gateway Terminal - A Letter From vadim kasko

This is a **Support Gateway Pacific Terminal!** letter from vadim kasko.

Dear County Council:

I write to urge you to support SSA Marine's proposed Gateway Pacific Terminal at Cherry Point. Our County and this region desperately need this infusion of high quality family wage jobs that this full service bulk commodity export-import terminal will generate.

As you explore the issues regarding SSA Marine's jobs proposal, I want to respectfully remind you that for decades Whatcom County shoreline and zoning ordinances have designated Cherry Point as the place for more good jobs. We settled this debate as a community more than 10 years ago when Cherry Point was designated for this use.

That is why SSA Marine plans to bring jobs and tax revenues to our area with a private investment of nearly \$665 Million. This project, if approved by you, will create between 3,500 and 4,500 new jobs during construction and between 850 and 1,250 jobs through its operations.

This boost for local families and the economy is sorely needed. We simply must not pass up this opportunity to address our county's need for community and economic development. Yet, now there are those who want to reopen this debate.

I urge you to stay strong and fair during this time of review and consideration of the Gateway Pacific Terminal project. I am confident that the process set forth by the County, the State and the Federal governments will safeguard the community while helping to deliver much needed jobs to the region. Please remember, our community needs strong leaders like you who know that we can protect the environment without sacrificing good jobs and economic development that our community needs today.

Sincerely,

vadim kasko
