Resort on 15 plus acres has a long standing history - wildwood resort extensively rebuilt in 2008-15 by Lake Whatcom resort partners - fiber construction, consists of 5 cabins, 1 residence, BS RV. Park model sites, 1 club house / pool and a marina with 36 slips. lots of native cedar, maple, birch trees, native plants and grass. Infrastructure well water septic system
4. Please provide a general description of the vicinity of the proposed project including identification of the adjacent uses, structures and improvements, intensity of development and physical characteristics:
Marina / dock expansion to add 28 boat slips to be used mid May to mid Sept. Finish. 19 patio covers to previously approved lots where previous permits expired. dredge 150 yds gravel from marina deposited by creek. Rebuild shop A from shop to a cabin moving services from Lot 7
5. Please provide a general indication of the character of vegetation found on the site: cedar, maple, alder, birch trees lots of native shrub. blackberry. Grass lawn areas cedar hedges wet land planting areas native shoreline planting areas.
6. a) Please indicate the quantity, source and composition of any fill that will be placed on the site whether temporary or permanent:
none gravel removed from the gravel bar deposited by the seasonal creek. approx. 130 to 150 yards.
- b) Please indicate the quantity, composition and destination of any excavated or dredged material:
130 to 150 yds of gravel export from site. use on off site construction project in Whatcom County.

7. Local contact person who will post notices (if other than Agent/Rep.):

Contact Name Faber Construction Rick Faber
Mailing Address: 131 E. Grover City Lynden
State WA Zip Code 98264 Phone # (360) 354-3500
Fax # (360) 354-3500 Email rick@faberconstruction.com

8. Person whom the newspaper notice bill will be sent to (if other than Agent/Rep.). This person must be in the State of Washington:

Name Same as Above
Mailing Address: _____ City _____
State _____ Zip Code _____ Phone # () _____
Fax # () _____ Email _____

- ②
- ① Add 28 Boat / Jet ski mooring locations
In the existing mooring in existing spaces
and creating new spaces by dock extension per
drawings already submitted.
 - ② dredging gravel bar in the marina 150 yds to be
removed from marina and hauled off site.
to approved location. creek is dropping gravel
into the marina. + boat launch.
 - ③ finish. 19-20 patio canopies that were not
built out under the original permit that expired.
They were approved but slow sales precluded
them from being built out and the permit ran
out of extensions.

Guidelines For Finding Property Owners Necessary For Hearing Notices

It is the responsibility of the applicant to obtain a complete list of the property owners within 300 feet if within the UGA or 1000 feet if outside of the UGA of the boundaries of the parcel, which is the subject of the application. This guide is intended to help applicants compile that list and assure proper notice as required by the ordinances. Failure to provide a complete list may result in a delay in the processing of the application or a continuance of a scheduled hearing.

The Whatcom County Assessor's Office is the source of the necessary information. The Assessor is located on the main floor of the County Courthouse.

The following procedure is recommended, as the most effective for finding the information you will need. The personnel in the Assessor's Office will help you find the maps and measure the proper distance.

1. Locate the parcel that is the subject of the application on the appropriate map.
2. Carefully measure 300' or 1,000' from each corner and line of that parcel and record the complete 12-digit Assessor's parcel number for each parcel within the proper distance specified above. It is best to make a separate list for these parcel numbers.
3. Using the assessment roll, find the owner of each parcel.
 - a. If the owner that is listed is a bank, savings and loan or other financial institution, also record the title owner's name and the loan number from the listing. If the loan number is provided, and there is no name other than the financial institution, or if an address for the title owner is unavailable, write down the address of the financial institution as they may be able to forward the hearing notice if they are given the loan number.
 - b. The printed assessment roll is updated approximately every six months. There is a computer master file that is always up-to-date. Use the computer to locate any names you may have questions about on the printout, such as for property that you suspect may have been recently sold.
4. Using the name and address master file, find the address of the parcel owners. Those not in the name index can be found through the telephone book, city directory, or other sources. This address is vitally important and must be complete and legible.

This list of property owners, the addresses, and parcel numbers must be submitted with your application. County ordinances and due process requirements make the provision of proper notices to nearby property owners mandatory. No permit can be granted if the notice is defective. The Hearing Examiner will require strict compliance with the notice provisions of the ordinances.

NOTE: The applicant shall submit typed self-adhering labels with the name and address of each property owner within the specified distance from the subject site. Properties located within the UGA shall notify property owners within 300-feet of the subject site. Properties located outside of the UGA shall notify property owners within 1000-feet of the subject site.

Shoreline Substantial Application Requirements

- 1) Completed, signed and notarized Master Application (See note regarding fee guarantees).
- 2) Completed and signed Supplemental Application (See note regarding fee guarantees).
- 3) Copy of the **deed history** for the property (Available from title companies).
- 4) Copy of any easement agreements, if applicable.
- 5) Letter of authorization to apply for the above permit from the property owner if different than the applicant, or letter of authorization from the applicant if using an agent, i.e. consultant, engineer or attorney (See note regarding fee guarantees).
- 6) Completed and signed SEPA checklist, if applicable.
- 7) Seven (7) copies of a site plan drawn to a standard engineering scale containing at a minimum the following:
 - Dimensions of the property and scale used.
 - Location, setbacks and dimensions of **all** structures on the site.
 - Location of septic tank/drainfield, and well or utility lines.
 - Location, width and length of driveway.
 - Location and dimensions of all parking areas.
 - Names and locations of all public or private roads.
 - North arrow.
 - Location of the Ordinary High Water Mark of all water bodies on or adjacent to the subject site.
 - Distance from any structures to the Ordinary High Water Mark (OHWM) of any creeks, streams, rivers or lakes, if applicable.
 - Location of any wetlands, steep slopes, wildlife habitat or other critical areas if known.
 - If submitting a request for administrative approval or a shoreline variance for additional dock lengths please provide depth soundings at 5-foot intervals along the length of the proposed dock.
 - Quantity, source and composition of any fill or excavated material.
 - On all variance applications the plans shall clearly indicate where development could occur without approval of a variance and the physical features and circumstances on the property that provide a basis for the request and location of adjacent structures and uses.
