FOR IMMEDIATE RELEASE  
Nov 16, 2017

### Planned Repair Outage for the Lummi Island Ferry

Whatcom County Public Works would like to inform the public of necessary repairs to the Lummi Island and Gooseberry Point docks. These items which require repair were discovered during the course of scheduled monthly maintenance.

Accordingly on Wednesday, November 29, 2017 from 10:10 a.m. to approximately 3:00 p.m. the Whatcom Chief will not be in service. The last morning run from the Gooseberry Point side will be 9:50 a.m. and the last morning run from the Lummi Island side will be 10:00 a.m. In order to complete these necessary repairs, no additional runs will be made to clear the docks after the last posted run time. Please plan accordingly.

These repair activities are weather dependent so the times and/or date may be changed if necessary. In the event a schedule change is necessary, notice will be provided as soon as possible.

The Public Works Department would like to thank everyone in advance for their cooperation and patience during these necessary repairs.
