

PUBLIC NOTICE

Construction Notice - Silver Lake Park Maple Creek Campground Improvement Project

About the Project

Whatcom County Parks & Recreation will begin reconstruction of the Maple Creek Campground in January 2019. The campground improvement project will include reconstruction and widening of campground roads and shoulders, installing new drainage improvements, installing new water and electrical service pedestals at RV campsites, making upgrades to individual campsites, and installation of directional signage. The construction project is anticipated to be completed in the summer of 2019.

Maple Creek Campground will be closed during construction. Camping is still available at Red Mountain Campground and Cedar Campground and can be reserved as usual beginning December 3rd for 2019 at: <https://secure.itinio.com/whatcom/silver-lake>

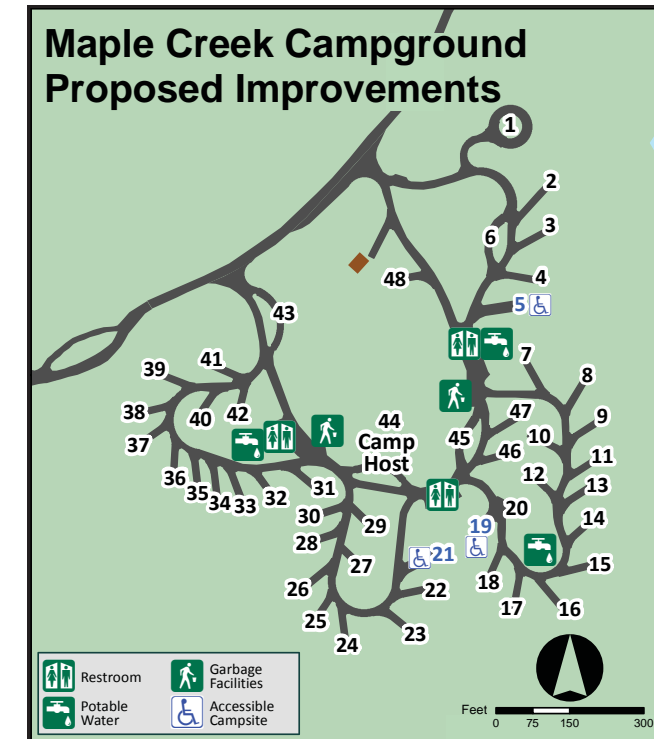

For the duration of the project, Group Camp will also be utilized as overflow camping and can be reserved for individual campers by calling (360) 778-5850.

What to expect:

- Construction noise and vibration
- Temporary road closures
- Heavy equipment traffic
- Flaggers will be on-site when necessary to insure safety of workers and park visitors

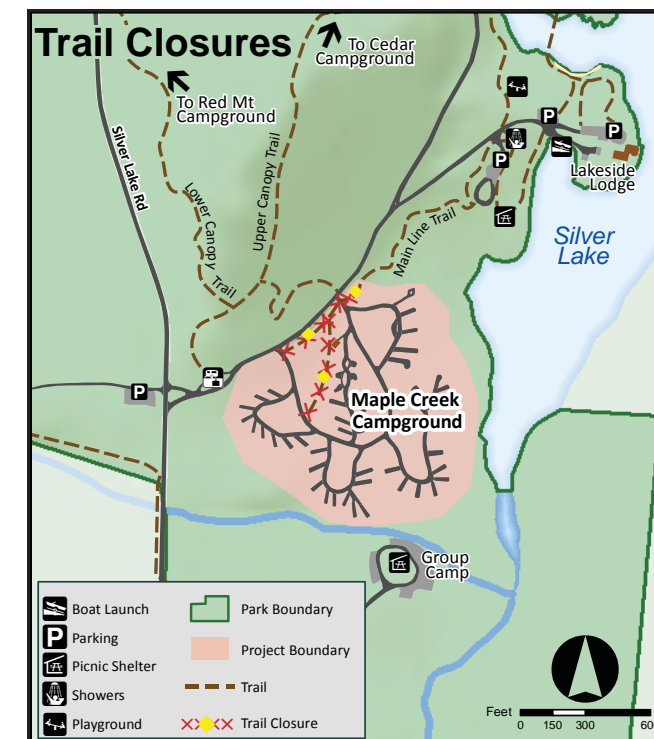

Work Hours

Daily, 7:00 AM - 7:00 PM

Impacts to Trails

During construction some park trails may be affected. Trails that cross, connect or are in proximity to work zones will be closed to visitor traffic. For your safety and the safety of construction workers, please do not enter trail sections that are closed. See map to the right for trail closures and alternate routes.

For more information, please call 360.778.5850.
