Subject: Birch Bay UGA

I support our existing community Comprehensive Plan and want the Birch Bay UGA to remain as is – with no added restrictions and no deletions. Allow us to continue to grow as we have planned for and agreed upon as a community. Our community put in many thousands of hours on this plan and I think it needs to remain in place. Allow us to plan for our community and to have the area to put this plan into place.

I was told years ago when working on getting some land rezoned that it was not appropriate as it would affect other land owners in the area, so why now is it OK to rezone when the county decides it benefits them and not others?
