Dear Pete Kremin and Commissioners,

I am RJ Breakey of 4150 Dewey Rd, Bellingham, WA and was disappointed that none of you have responded to my letter of July, 09 and now as I read your proposed reevaluation of UGA's in Whatcom County the Dewey Valley is not mentioned in it. Things to look at:

- a. 2G - consider citizen participation...
- b. 2H - Preserve private property...including protecting Natural environment and conserving resources (Toad Creek and Squalicum Creek plus DNR lands in valley)
- c. 2K3 - prohibit expansion of UGA into flood plains OR areas considered dangerous to individuals... (Dewey Valley has flooded for the past four conservative years)
- d. 2N5 - Protect resource lands by controlling or buffering adjacent uses and encouraging increased density within existing city boundries before expanding into county resource lands

Please reconsider including the Dewey Valley in your update.

Thank You for your time and consideration.
