Subject: Birch Bay UGA

Dear Friends in High Places: Please leave the Birch Bay UGA as it is now. Too many hours of effective planning and effort have gone into finding the best approaches for this community to have it changed on a whim. This is a fairly large community NOT to have the commercial nodes it needs nearby. And I wish to mention that I am against urban sprawl in general-----but where a community exists, it needs basic services, and Birch Bay is not "up to code" in being able to service its permanent population. (A good example of Birch Bay's needs not being met includes the fact that the north end of Birch Bay is without a way to get into and out of the area quickly in the event of an emergency. I would consider good egress and ingress routes to be a "basic need" for a population!)

Thanks! Coralie A. Priddy
