RE: Urban Growth Proposal

Commission members:

My address is given above. I own property with the parcel number 380105 534416 0000. I am concerned that the changes under the current UGA proposal will adversely impact my property, future uses, its value, and taxes. I urge you to retain the existing boundaries until a better study of the issues and a more realistic growth projection can be used.

Sincerely,
Leah Prince
