**FOR IMMEDIATE RELEASE**  
**November 19, 2015**

### **Planned Service Outage for the Lummi Island Ferry**

Whatcom County Public Works would like to inform the public of necessary inspection and maintenance activities to the Lummi Island and Gooseberry Point approach spans. Accordingly on Wednesday, December 2, 2015 from 10:30 a.m. to approximately 3:00 p.m. the Whatcom Chief will not be in service. The last morning run from the Gooseberry Point side will be 10:10 a.m. and the last morning run from the Lummi Island side will be 10:20 a.m.

Due to weather related issues, the previous dock maintenance outage on November 18, 2015 did not occur. However, the Ferry Crew did utilize this scheduled outage to perform necessary maintenance on the Whatcom Chief.

The inspection and maintenance activities are weather dependant so the times and/or date may be changed if necessary. In the event a schedule change is necessary, notice will be provided as soon as possible.

The Public Works Department would like to thank everyone in advance for their cooperation and patience during these necessary inspections and maintenance.
