FOR IMMEDIATE RELEASE
April 4, 2017

Planned Service Outage for the Lummi Island Ferry

Whatcom County Public Works would like to inform the public of necessary repairs to the Gooseberry Point Dock as a result of our ongoing electrical issues. Accordingly on Monday, April 10, 2017 the Whatcom Chief will shut down operations early, at 11:20 p.m. The last evening run from Gooseberry Point to Lummi Island will be at 11:10 p.m. The last evening run from Lummi Island to Gooseberry Point will be at 11:00 p.m.

Service is expected to resume on the normal schedule on Tuesday, April 11, 2017.

Due to the complex nature of these repairs, ferry operations must be suspended during the project work and the dock will be pinned and inoperable during these repairs.

This repair activity is weather dependent, so the times and/or date may be changed if necessary. In the event a schedule change is necessary, notice will be provided as soon as possible.

The Public Works Department would like to thank everyone in advance for their cooperation and patience during these necessary repairs.
