

Project Notification

Slater Road/Jordan Creek Fish Passage Project

CRP No. 915007

NIGHT WORK SCHEDULED FOR WEDNESDAY, JULY 26 INTO THURSDAY, JULY 27

Project Details

- ◆ The next major task on this project is the delivery and setting of the 142-foot long precast concrete girders for the new bridge
- ◆ To facilitate this work the Whatcom County Public Works Department and Razz Construction would like to inform local residents that there will be night work occurring at the project site Wednesday, July 26 into Thursday, July 27
- ◆ During this night work there will be heavy construction equipment operating
- ◆ Please feel free to share this information with anyone whom you think would be interested
- ◆ We appreciate everyone's patience and cooperation as we complete this important transportation project
