AMENDMENT NO. 4 TO
AGREEMENT BETWEEN
WHATCOM COUNTY,
PACIFIC INTERNATIONAL TERMINALS, INC., AND
BNSF RAILWAY COMPANY FOR REIMBURSEMENT OF
COSTS AND FEES

This Amendment No. 4 to the June 12, 2012 Agreement for Reimbursement of Costs and Fees ("Amendment No. 4") is made as of the date executed below (the "Effective Date") by and between Whatcom County (the "County"), Pacific International Terminals, Inc. and BNSF Railway Company ("BNSF Railway") (collectively, the "Parties").

RECITALS

- A. Whereas the Parties executed an Agreement for Reimbursement of Costs and Fees (the "Agreement") on June 12, 2012 and a subsequent Amendment No. 1 executed on January 25, 2013 and Amendment No. 2 executed on March 21, 2013, Amendment No. 3 executed on July 11, 2013 whereby the Parties agreed to pay for the preparation of an Environmental Impact Statement ("EIS") for the proposed Gateway Pacific Terminal Project and Custer Spur Improvements Project on terms described in the Agreement;
- B. Whereas, the County and the Parties agreed in writing via email confirmations on May 31, 2013 to extend the original contract date from May 31, 2013 to June 30, 2013; and again confirmed via email on June 28, 2013 to extend the contract date from June 30, 2013 to July 31, 2013; and again confirmed via email from July 31, 2013 to October, 2013; and again via email from October 31, 2013 to February 28, 2014;
- C. Whereas, on July 3, 2013, the U.S. Army Corps of Engineers ("Corps") issued a Memorandum of Record finding that the scope of analysis and extent of impact evaluation for the National Environmental Policy Act ("NEPA") EIS would be both project sites and any offsite areas that may be used for compensatory mitigation;
- D. Whereas, on July 31, 2013, the Washington State Department of Ecology ("Ecology") issued a statement finding that the scope of analysis and extent of impact evaluation for the State Environmental Policy Act ("SEPA") EIS would require an assessment of (i) rail transportation on other representative communities in Washington and a general analysis of out-of-state rail impacts; (ii) how the project would affect human health in Washington; (iii) cargo-ship impacts beyond Washington waters; and (iv) greenhouse gas emissions of end-use coal combustion;
- E. Whereas, at the request of the Corps, a NEPA EIS will be prepared under the Agreement at the direction of the Corps, separate and apart from the SEPA EIS, resulting in the preparation of a NEPA EIS and a SEPA EIS;
- F. Whereas, the County and Ecology have no objections to the preparation

of a separate NEPA EIS by the same EIS contractor developing the SEPA EIS;

- G. Whereas, BNSF Railway reserves its right to challenge the SEPA EIS and any related agency actions at any time, and in any forum;
- H. Whereas, the County has requested that Pacific International Terminals, Inc. and BNSF Railway amend the Agreement to fund the Phase 2 of the Scope of Work, enabling preparation of the EISs;
- I. Whereas the Agreement, the Amendment No. 1, Amendment No. 2, Amendment No. 3 (and this Amendment No. 4) is a reimbursement contract with no County money expended;
- J. Whereas Section 3.11 of the Agreement provides that any amendments to the Agreement, including work beyond that described in Attachment A of the Agreement, shall be only mutually agreed by the Parties and the County in writing; and
- K. Whereas the County submits **Attachment A** showing the detailed Amendment No. 4 to Whatcom County Contract 201205028.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Pacific International Terminal's Inc. agrees to pay the County direct out-of-pocket expenses for preparation of both EISs (including such postage, transportation, copying, printing and the like) and County staff costs for preparation of both EISs at \$100/hour.
2. The Agreement and the subsequent Amendment No. 1, No. 2 and No. 3 provided for the expenditure of up to \$1,851,209.84 for work completed during Phase 1 and Interim Scope of work Phase 2A. The budgeted amount for this Phase 2A is \$7,238,701.34, of which \$3,115,515 is required for preparation of the draft NEPA EIS, and \$4,123,186 is required for preparation of the draft SEPA EIS. These changes are summarized below in Attachment A to this Amendment No. 4.
3. This Amendment No. 4 shall be executed by the Whatcom County Executive without further modification by the Whatcom County Executive or Whatcom County Council.
4. This Amendment No. 4 may be executed in identical counterparts. Each of the counterparts will be deemed an original for all purposes and all counterparts will collectively constitute one agreement.
5. The Agreement, Amendment No. 1, Amendment No. 2, Amendment No. 3 and this Amendment No. 4 constitute the entire agreement of the Parties regarding matters in these documents. Except as expressly provided herein, nothing in this Amendment No. 4 alters any of the obligations of the Parties contained in the Agreement.
6. Each signatory to this Amendment No. 4 certifies that he or she is authorized to execute this Amendment No. 4 and to legally bind the party he or she represents, and that such party shall be fully bound by the terms hereof upon such signature without any further act, approval, or authorization by such party.
7. By signing this agreement, BNSF Railway in no way consents to jurisdiction of Ecology or County over any BNSF Railway action, the BNSF Railway system, or the

Custer Spur Improvements Project, nor does BNSF Railway waive any legal rights or arguments under the Agreement to challenge the SEPA EIS or any related processes pertaining to its proposed action. BNSF Railway's participation in the Agreement and this Amendment No. 4 shall not establish any precedent under State or Federal law. The Agreement and this Amendment No. 4 shall not be cited by any party, including the State of Washington, for any purpose except to implement the terms of the Agreement between the parties, and to enforce the terms of this Agreement. This provision shall survive any termination of the Agreement.

IN WITNESS WHEREOF, the parties have executed this Amendment No. 4 this 27th day of Feb., 2014.

JACK LOUWS
COUNTY EXECUTIVE

TO: Jack Louws, County Executive
FROM: Tyler Schroeder, SEPA Official *TS*
DATE: February 24, 2014

SUBJECT: Amendment No. 4 to Contract #201205029 between Whatcom County, Pacific International Terminals, Inc., and BNSF Railway Company for reimbursement of all costs and fees for the scope of work & Budget of Phase 2 which continues preparation of the Environmental Impact Statements under NEPA & SEPA for the proposed Gateway Pacific Terminal and BNSF Custer Spur Modification Project

Enclosed are three (3) originals of the contract between Whatcom County, Pacific International Terminals, Inc., and BNSF Railway Company for your review and signature.

Requested Action

Whatcom County Planning & Development Services respectfully requests the Executive to sign the attached contract. This is a reimbursement contract, with no county money expended.

Background and Purpose

The scoping phase for the proposed Gateway Pacific Terminal and BNSF Custer Spur Modification Project is complete, which concludes the Phase 1 work defined in Whatcom County Contract Nos. 201205028 & 201205029. This new contract includes the Scope of Work and Budget of Phase 2, which is the next step in the Environmental Impact Statement preparation.

Funding Amount and Source

This Budget of Phase 2 contract is for \$7,238,701.34, all of which is being fully funded by the applicants in this agreement.

Please contact Tyler Schroeder at extension 50202 if you have any questions or concerns regarding the terms of this agreement.
