Subject: Please continue your Stand
Date: Wednesday, June 27, 2018 1:53:20 PM

Dear Council,

Time and time again the citizens of Bellingham And Whatcom County have affirmed their desire to be free of dirty coal and fossil fuels.

You have listened to us and stood with us so that Bellingham may have a clean environment and healthy waters.

Please continue your stand bravely in the face of Canada's potential push to use our County for transporting the very things we have said we do not want.

Thank you for your courage and consistency for all of us and our beautiful place to live!

Sincerely,

Cynthia
God is Love AND Truth!
