FOR IMMEDIATE RELEASE:

Lighthouse Marine Park Dock Removal

Whatcom County Parks and Recreation is removing the dock at Lighthouse Marine Park. The dock is scheduled to be removed between July 24th and July 27th. The specific day is dependent on weather and tide conditions. Multiple segments of the dock are displaying signs of metal fatigue and weld failure. It is being removed to facilitate a detailed assessment of its condition and as a preventative measure. The Parks and Recreation Department has not determined when the dock will be reinstalled. A thorough conditions assessment will inform next steps.

For more information, please contact Whatcom County Parks & Recreation at 360-778-5850.
