Subject: Protect the Southern Resident Orcas

Hello Whatcom County Council,

My name is Max Boock and I am a resident of Bellingham and Whatcom County. I am sure you have all heard of the tragic fate of Tahlequah J35's calf. As I am writing this email the mother is on her seventh day of carrying her dead calf. I am writing to urge you to continue to keep the moratorium on oil exports in Whatcom County in order to protect the dwindling and endangered Southern Resident Orca Whales. Losing this population of magnificent animals would be devastating in many ways and your constituents hold them dear to our hearts. The Salish Sea would not be what it is without our orca whales. Also, please work on decreasing the amount of underwater noise allowed in the Salish Sea.

I thank you for your hard work. Please do the right thing.

Sincerely,
Max
