Subject: Cherry Point Moratorium and Draft Ordinance

County Council Members,

- 1) Please extend the Cherry Point moratorium.

- 2) Please permanently protect our community, our environment, public health and safety by preventing projects like the Gateway Pacific coal terminal, expansion of oil train infrastructure or new crude oil export plans.

- 3) Please strengthen and pass the draft ordinance as soon as possible.

- 4) Thank you for making bulk coal storage a prohibited use. Please also prohibit bulk coal transfer.

Bulk fossil fuel transport projects should require a full greenhouse gas analysis, and the code should specify that the analysis should include life cycle impacts.

- 5) Please implement lasting policies that prevent Cherry Point from becoming an ever-expanding fossil fuel export hub.

Thank you,
Shannon Parsons
