Subject: Whatcom County Council Questions for Cherry Point Industries
Date: Wednesday, October 10, 2018 1:27:31 PM

Trans Mountain Pipeline,

Last week you received a letter from the Whatcom County Council with specific questions regarding your Cherry Point industry. The Whatcom County Council has made the decision to extend the deadline for written responses to November 7th.

The Council will reschedule a Special Committee of the Whole meeting for some time after November 7th at which time industry representatives will be given the opportunity to provide additional information and explanation. You will be notified by email once a date and time for this special meeting has been set.

Please let me know if you have any questions.

Jennifer Schneider
Whatcom County Council Office
