Hi all, please do not reply all.

Attached are some of the points I'd like to consider when we get to the Cherry Point discussion tomorrow.

Best,

Todd

.063 ~~and~~ natural gas and other fossil fuel facilities

.068 (1) Trade, storage or processing of sulphur shall be prohibited. Trade, storage or processing of bulk coal shall be prohibited.

.068 (2) ~~and~~ natural gas, and other fossil fuel facilities.

.170. liquified petroleum gas, ~~and/or~~ natural gas and other fossil fuels

Page 171

20.68

.059 ~~and~~ natural gas and other fossil fuel facilities,

.081. same as above

Page 172

170. liquified petroleum gas, ~~and/or~~ natural gas and or other fossil fuels

.204. Trade, storage or processing of bulk coal is prohibited

Page 173. 20.82

What diff having SEPA “threshold determination” vs. conditional

Pipeline capacity: Does this capture our discussion 2 meetings ago

Page 175. 20.88

.215. What difference “major project permit” vs. “Master plan”

Minor vs. major changes....see morning discussion. Would the BP rail expansion be ‘major’?

Page 177-8. 22.05.110

What scale projects have been type III?

(2) (f). may appeal any final decision of the hearing examiner to the County Council or to superior court...

P. 180

Cumulative impact of proposal on public health, safety, air quality, and environment must be considered.

Cumulative impacts include how the project adds to the on-going impacts of existing facilities

Any potential impact on herring stock, forage fish, eel grass, the resident Salish Sea Orca population, and _____. shall be not mitigatable.
