

Birch Bay Capital Facilities

Planning and Development Services has identified three capital facilities special projects for Birch Bay.

- **Public Restrooms and Parking -**

The Birch Bay Subarea Plan describes the special project as:

"Working with Whatcom County Parks, local developers and the Whatcom Transit Authority, acquire a parking lot with public restroom facilities on the upland side of Birch Bay Drive. This facility could provide parking for the Coast Millennium Trail and beach visitors, and also be used for a bus stop and Park-and-Ride lot for commuters."

- **Location of a Birch Bay Post Office -**

Recently added to the list of special projects is the investigation into the location and establishment of a Post Office to serve the Birch Bay area.

- **Location of a Birch Bay School -**

The Birch Bay area has experience significant growth over the last several years. A special project is established to investigate the need to locate a school in the Birch Bay area.

The Birch Bay Capital Facilities Special Projects are coordinated with the Land Use and Development/Public Services and Infrastructure Subcommittee of the Birch Bay Steering Committee.
