Subject: moratorium on shipment of fossil fuels

Dear Council Members:

Please extend/enhance the moratorium to deny any new permits allowing increased shipment of unrefined fossil fuels through Cherry Point. Proposed code amendments by Whatcom County to weaken already agreed upon Council policies should be strongly opposed.

We should be strengthening policies to counteract increasing pressure from the fossil fuel industry. There is so much at stake. I urge you to support strong code amendments for Cherry Point.

Thank you for supporting policies to protect our threatened special region.
