*Dear Councilmembers,*

*Thank you for initiating a public review process for the Cherry Point Amendments. We need to prohibit new fossil fuel shipment terminals and not increase hazards. I encourage industries to invest in upgrades that reduce pollution. Creating good jobs for the residents of our beautiful county while protecting our environment is possible AND essential.*

*I hope that careful review, transparent dialogue and public input will ensure stronger regulations a healthy future for all.*

*Thank you for your service to our communities.*
