Hello ,

My name is Jesse Larsen, I am the fixed equipment maintenance planner/coordinator at the Phillips 66 refinery. Thank you for the opportunity to voice my OPPOSITION to the proposed changes to the Cherry point Comp Plan and Code. I oppose these proposed changes because they will prevent permit approvals for future projects at the refinery, including safety and infrastructure upgrades. These upgrades are vital for worker safety and to ensure the refinery remains a viable asset and that I have a job to support my family. I am a 10 year resident of Whatcom county where I live with my wife and five children, we love living in Whatcom county and the threat to my job that these proposed changes expose my family to are not only disheartening but are of great concern for my family's ability to continue to live here in beautiful Whatcom county. Please do not impose these changes that will kill the refining industry in Whatcom County.
