Multiple Planned Service Outages for the Lummi Island Ferry CANCELLED

Due to circumstances outside our control, the overnight repair work on the Gooseberry Point and Lummi Island ferry terminals that was scheduled for week of October 6th 2019 has been cancelled. We will revisit this maintenance plan during the first quarter of 2020.

The planned service outage for Wednesday, October 16, 2019 is still proceeding as normal.

The Public Works Department would like to thank everyone in advance for their cooperation and patience.
