**Subject:** I support the proposed Cherry Point amendments  
**Date:** Monday, October 07, 2019 1:17:19 PM

---

I support them totally, without further modification. I've followed this process closely. We all know that industries at CP have had continuous input throughout this process, as have many other stakeholders.

The proposed amendments represent a reasonable compromise. They will take no one's jobs. They aim to ensure reasonable caution re: our current and future health, safety and welfare into the future.

Please forward the proposed amendments, as is, to the County Council ASAP.

Thank you,

Wynne Lee
