Cherry Point Aquatic Reserve Citizens Stewardship Committee

October 3, 2019

Re: A Seat at the Table

Chairman Whatcom County Planning Commission

I am writing to you as the current chair of the Cherry Point Aquatic Reserve Citizens Stewardship Committee. It has come to our attention that the planning commission will be having a work session on October 10th to continue the review of the amendments to the county code for Cherry Point. We also understand that you have recognized industry representatives as stakeholders and have basically offered them a seat at the table for this work session. In the interest of fairness and even-handedness we would like the same chance to participate.

Please accept this request from the Stewardship Committee to be recognized as stakeholders in the Cherry Point area and for the chance to participate in this working session. Members of the Committee stand ready and willing to be as much a part of this meeting as industry representatives.

The Cherry Point Aquatic Reserve Citizens Stewardship Committee was established in 2010 and has been active in Whatcom County with educational outreach, citizen science, beach clean ups, other community involvement centered on Cherry Point. We feel we have a relevant point of view for this amendment process.

Thank you and please contact us in a timely manner so we can plan to attend as participants.
