Subject: Support for Amendments to the Comprehensive Plan
Date: Wednesday, October 09, 2019 11:24:44 AM

I am in full support of the amendments to the Comprehensive Plan that will affect land use and development in the industrial zoned area of Cherry Point. I want the current moratorium to become permanent. Please keep up the good work in

- preventing unrefined fossil fuels from being shipped from Cherry Point
- ensuring that any supporting infrastructure be prohibited
- making sure that all new construction at Cherry Point be subject to permitting.

I understand that the existing refineries will stay, and I agree that they should stay and continue to abide by all applicable environmental laws and regulations, and therefore provide good, well paying jobs to people in Whatcom County.

Thank you for your consideration of my comments.
