Subject: County Council Meeting - Tuesday, December 3

County Council members,

I am unable to attend tonight's meeting, but I wanted to provide comments on three items:

-Childcare Crisis

Thank you for taking up this item. We need as many of our agencies and elected officials working on this collaboratively. We have been working on this issue with the Opportunity Council for a couple of years. I did not see any accompanying documents for this discussion, so I look forward to seeing how the dialogue continues.

-Cherry Point

It is my assumption that no additional comment will change the direction of another moratorium. As the planning commission continues their work, it is my hope that all of you will thoughtfully consider the impact to everyone involved - including our employers and our shared environment - in your ultimate decision. As I know all of you have heard from so many of our community stakeholders on this issue, it is my hope we can have policy where everyone feels heard and valued.

-Barbara Brenner

As this is Barbara's final meeting, I just want to say thank you for your years of service.

Thank you for your consideration on these items.
