

# Whatcom County Ferry Fare Collection Changes

In response to COVID-19, Whatcom County Public Works took early precautions with the Lummi Island Ferry to protect our workers and ferry community that included suspension of fare collection.

Starting May 18, we will begin collecting fares again; however, we're making a couple of changes to the way we collect fares.

Starting May 18, we will ONLY accept punch cards, credit or debit cards, and checks as methods of payment. The ferry system will not accept cash.
