Subject: Lift moratorium

Whatcom county council,

Cherry Point industries serve as an important part of Whatcom County's economic health, and therefore its quality of life. At a time in our nations history when millions are on unemployment because they cannot work, the last thing we need is for our refineries to close, putting hundreds more out of work.

Cherry point jobs are essential to our community, our county, our state, and our nation. Its time to lift the moratorium on Cherry point and let them do what they need to do to keep our people employed and our economy vibrant!

709 East Grover Street  
Lynden, WA 98264

The Honorable County council members,

Whatcom County Council  
311 Grand Avenue, Suite 105  
Bellingham, WA 98225

Dear Council Members:

I am writing to ask you to support our community by NOT extending the moratorium on Cherry Point Refinery.

Cherry Point industries serve as an important part of Whatcom County's economic health, and therefore its quality of life. At a time in our nation's history when millions are on unemployment because they cannot work, the last thing we need is for our refineries to close, putting hundreds more out of work.

Cherry point jobs are essential to our community, our county, our state, and our nation. Its time to lift the moratorium on Cherry point and let them do what they need to do to keep our people employed and our economy vibrant!

Thank you so much for your help.

Sincerely,  
Charleen
