Subject: Cherry Point Moratorium

June 1, 2020

Dear Whitcom County Council,

We are asking the Whitcom County Council to NOT Renew another extension to the Cherry Point Moratorium. It seems like terrible timing to renew this with Alaska shutting down and the effects Covid 19 will have on local businesses. Also please think of the effects this may have on your 9,000 neighbors/friends that are supported by these industries and do you believe that any of them would ever want to see anything happen to the place they call home!

Hopefully those of you who truly believe in renewing this moratorium are riding your bikes and not using any fossil fuels and if you are, how hypocritical is that?

Again we feel very fortunate to have such safe and progressive companies as our neighbors that will be on the cutting edge when it comes to economical and viable renewables.

Please don't RENEW.

Arrends and Donald Houde
