Subject: Cherry Point moratorium

Whatcom county council,

I write to ask that you do not extend the moratorium. I have worked in the refining business since I was out of high school, I am 42 now with 5 wonderful kids ages 8months to 13. Over the years I have seen our business grow into one of the safest industries around they take great pride in the safety of the people the community and the environment. This is my lively hood and how I support my family and ask that you do not Extend the moratorium. Instead work with these industries to find a alternative solution so places like Alcoa and the businesses at cherry point can flourish and keep our economy going.
