Subject: STOP-LOOK-LISTEN

The result of tonight's vote will affect your child's future and their children's future. Can you destroy their future by defeating the moratorium on fossil fuels at Cherry Point. REALLY this is LIFE or DEATH. What will your grandchildren look back on your legacy. What did you do to protect them and the earth? Can you sleep with your decision?

DIG DEEP INTO YOUR CONSCIOUSNESS AND VOTE TO SUPPORT THE MORATORIUM. I am a grandmother and I can not bear to look to the future for those of us living now and for future generations.

Once trashed it cannot be repaired for generations to come. It is not just a question of RISK, it is the certainty that life, cultures, livability, habitability will be forever DAMAGED and DESTROYED. It is not worth some immediate capitol gain for future destabilization of PLACE.

Beth Brownfield

VOTE IN FAVOR OF THE PERPETUAL MORATORIUM ON FOSSIL FUELS AT CHERRY POINT!
