Subject: AB2020 – 217

To My Duly Elected Whatcom County Council Members -

I am writing to you today in regards to ordinance AB2020-217 and asking you to PLEASE EXTEND THE MORATORIUM on the shipment of fossil fuels through our corner of the world. In memoriam of the recent passing of Lummi Hereditary Chief Bill Tsi'li'xw James, please extend this moratorium in his name and his honor. Our region prides itself on our natural beauty and resources. Our livelihoods depend on strong and viable ecosystems such as the Puget Sound. The waters here are vital to our economies through fishing, crabbing, shellfish, recreational opportunities and tourism. Our lifestyles and communities depend on this natural beauty and the resources it provides us. Please help protect our waters, our region, our fisheries, our livelihoods and PLEASE EXTEND THE MORATORIUM.

AB2020 – 217 Ordinance imposing an interim moratorium on the acceptance and processing of applications and permits for new or expanded facilities in the Cherry Point urban growth area, the primary purpose of which would be the shipment of unrefined fossil fuels not to be processed at Cherry Point
