Subject: Extend the moratorium on fossil fuel exports from Cherry Point

Dear Council Members,

As a concerned citizen of Washington, I urge you to extend the moratorium on fossil fuel exports from refineries in Cherry Point, northwest of Bellingham, including an ordinance that would allocate funds to research legal ways to limit any damage to the public or environment caused by fossil fuel refineries at Cherry Point.

Lives are more important than and profits and jobs. Fossil fuels are dangerous. The moratorium must continue until safety is assured.

Kind regards,
Peter Lennon
Bothell, WA
