

Update December 13, 2019:

Hello Everyone,

Due to the complexities of the technical work associated with this project, the project team requires a bit more time to develop our design concepts into fully formed *Project Alternative Designs*. In order to ensure we are fully prepared to share these *Alternative Designs* with you, **we are rescheduling the January 23rd Community Workshop #2**. We have not yet set a new date, but will send an e-mail as soon as we have a date and time confirmed.

We want to offer our apologies for this change in schedule. We know how busy everyone is and we respect and appreciate your time immensely.

If you have any questions, please don't hesitate to ask.

Sincerely,

Paula J Harris, PE
