Instructions for Obtaining Names, Addresses and Parcel Numbers of Property Owners within 300 – 1,000 Feet of Your Property for Notice Purposes

It is the applicant's responsibility to obtain a complete, up-to-date list of all owners of property located within 300 feet of the property boundaries (if within an Urban Growth Area) or 1,000 feet (if outside an Urban Growth Area) of the subject parcel in this application. Failure to provide a complete list may result in a delay of the processing of the application or a continuance of a scheduled hearing.

The above information may be obtained either from a Title Company or the Whatcom County Assessor's Office located in the Whatcom County Courthouse. The Assessor's Office staff will assist you in locating the required maps and scaling the 300 or 1,000 foot distance. There is a public computer available for your use. These instructions will aid you in locating the required information:

- ◆ Locate the subject parcel (your property) on the appropriate map using your Assessor's Parcel number from you tax notice.
- ◆ **Carefully** measure 300 feet or 1,000 feet from the subject property boundaries in all directions (including across and roads). List the complete 12 digit parcel numbers of all properties located within the required 300 or 1,000 foot area.
- ◆ Using the assessment roll on the computer, find the owner of each parcel.
- ◆ If the owner listed is a bank, savings and loan or other financial institution, you must also record the title owner's name and loan number from the listing. If there is no name other than the loan number and the financial institution, list the name and address of the financial institution, as they may be able to forward the notice if they are provided with the loan number.
- ◆ Make sure you obtain the most up-to-date assessment roll, in case a property may have been recently sold.
- ◆ Using the name and address master file, locate the mailing address of each parcel owner. Those not in the name index may be located through the telephone directory, city directory or other sources. This address is vitally important and must be complete and legible.
- ◆ This list of property owners, their mailing addresses and parcel numbers must be submitted with your permit application. County ordinances and due process requirements make the provision of proper notice to property owners within 300 feet or 1,000 feet (depending upon whether it is located within a Urban Growth Area) of the subject parcel mandatory. No permit can be granted if the notice is defective. The Hearing Examiner requires strict compliance with the notice provisions of the ordinances.

- ◆ The applicant is also required to submit typed mailing labels (pdf format) containing the name and address of each of the above property owners, with the permit application. If one person owns more than one parcel of land please do **not** provide multiple labels, one label will suffice as we only send out one notice to the property owner.

I/we _____ hereby certify that the above statements and the information contained in any papers or plans submitted herewith are true and accurate to the best of my knowledge, and that the list of surrounding property owners is complete and current.
