

Agricultural Processing for Rural District Supplemental Application

All supplemental applications must accompany a project permit application.

In order to demonstrate that your proposal complies with the approval criteria established for the review of an application to permit an agricultural processing facility in the R5A and R10A zoning districts, please answer the following questions:

1. Is the facility a slaughterhouse or mushroom substrate production facility?
 Yes No

2. Is the facility supplemental and related to the primary permitted use?
 Yes No

3. Will at least 50 percent of the agricultural goods being processed originate from agricultural goods produced in Whatcom County which originate from permitted uses?
 Yes No

4. Will the facility (including existing and new processing buildings) employ no more than 10 permanent employees?
 Yes No

5. Will the facility exceed 10,000 square feet in proposed and existing buildings (as defined by WCC 20.97.035) devoted to agricultural processing?
 Yes No

NOTE: Fees will be assessed in accordance with the Whatcom County Unified Fee Schedule (UFS) in effect at the time of application submittal. Please contact Planning and Development Services to determine project specific fees. Click [here](#) to see the current UFS.

Per UFS 2843 all permits and applications are subject to a Technology fee. The fee is calculated on the permit/application fees due.

By signing the below statement you affirm that the answers to the above questions are factually accurate.

I, _____, affirm that the above answers are true and accurate.
